

Turtle Quest

Quest Start:

A Sign

Location: ProcrastiForest

There is a Turtle in the north-west of ProcrastiForest on a plateau. The sign leading up to the plateau informs you the turtle is named Zcazca and loves mushrooms. Zcazca has lost her home and you can help her find a new one.

First get mushrooms. You can pick them up. There are some located to the south of the Zcazca.

If you get close to Zcazca while holding a mushroom, Zcazca will follow you.

Lead Zcazca to the Blue Tree located in the south-east of ProcrastiForest.

When Zcazca reaches her home, she makes room by pushing out some [Gloves](#) for you! Congratulations! Quest Complete!
